Green River, WY 82935

CERTIFIED -RETURN RECEIPT REQUESTED

Re: Permit Application No. AP-13083

Dear Mr. Brown:

The Division has reviewed Solvay Chemicals, Incorporated's application to modify operations at the Green River Soda Ash Plant, located in Sweetwater County, Wyoming. The Division finds the application to be complete, and will proceed with a technical review of the application. It should be noted that this does not preclude the Air Quality Division from requesting additional technical information or clarification at a later date, as deemed necessary. A decision will be made to either approve or disapprove your request within sixty (60) days of the determination that the application is complete.

If you have any questions regarding this letter you may contact me at (307) 777-7045.

Sincerely,

Andrew Keyfauver
NSR Permit Engineer
Air Quality Division

RE: Solvay Chemicals, Inc.
Permit Application AP-13083

Dear Ms. Rothery:

The Division of Air Quality has completed its initial review of the referenced permit application for Solvay Chemicals, Inc. to modify the Green River Soda Ash Plant, in Sweetwater County, Wyoming. The Division has deemed the application complete as of August 6, 2013. The Division will now proceed with the sixty (60) day technical review period. Your office will be provided a copy of the public notice and permit analysis once the decision to approve or disapprove Solvay Chemicals, Inc. request is made. A thirty (30) day public comment period is required.

Enclosed you will find the additional materials that have been submitted by the applicant since the application was received.

Should you have questions regarding this matter, please feel free to contact this office.

Sincerely,

Andrew Keyfauber
NSR Permit Engineer
Air Quality Division
